Edition2
2019

From the Principal

It seems like yesterday I was welcoming parents at our parent-student-teacher conferences. We appreciate families giving up time in their busy schedules to accompany their children to reflect on learnings and discuss strategies to support ongoing improvement.

This commitment strengthens our partnership to get the best outcomes possible.

Our Starry Night Formal was held at the Adelaide Hilton. The students danced the night away with many leaving with sore feet. Thanks to the student committee, Mr Walsh and Ms Henriksson for their organisation.

Our Year 9 cohort was involved in NAPLAN online, one of many ways we obtain information regarding the needs of our students. We were fortunate to not be significantly impacted by the national technical glitch.

We are excited to report over 30 students welcomed the opportunity to apply for the Australian Rules Football Academy for Semester Two - 2019.

We are proud of our strong history of excellence in Sport and with a highly skilled team, we are committed to the implementation and development of a unique Sports Curriculum in Football.

As writing is one of our key priorities in our Improvement Plan, we have committed to implementing the Brightpath program in partnership with the Department for Education.

This supports teachers to analyse student writing and provide explicit feedback to students to target improvement. Improvement will continue with the Adelaide Hills Secondary Schools coming together to share approaches to moderate student work in terms of the Australian Curriculum Achievement Standards.

As part of our ongoing commitment in raising career option awareness, students will continue to participate in Tertiary information sessions and Career Expos supporting 2020 selections.

The Student Life program embeds online safety into all year levels. As we continue to transition into the digital world, it is important we continue to communicate openly with adolescents, educating them with regard to their digital footprint online. Please refer to the iParent tab through the site www.esafety.gov.au for more information.

I would like to acknowledge the ongoing hard work and support of our staff to provide the various opportunities outlined in this newsletter and that of our governing council.

I wish you all a safe and relaxing break and look forward to seeing everyone Term 3.

Governing Council Update - Term 2 Week 8

Governing Council members represent the parent voice on the school's committees. Our input provides a valuable insight from a parent's perspective and we are involved in developing site policy such as the Site Learning Plan.

Our annual AGM was held on the 18 March where we welcomed 6 new and 6 continuing parent members, a new community representative, 2 staff representatives and our principal.

Positions were filled as follows
Chairperson: Amanda Schapel (GE)
Vice Chair: Rebecca Harrison (F)
Secretary: Georgie Ifould
Treasurer: Julia Smith (F, U)
Community Rep: Nathan Daniell
Staff Reps: Andrew Jolly (GE) Christina Henriksson (U)
Principal: Heather Makris

Members: David Baker (GE), Angela Edwards, David Graham, Danielle Helbers (GE), Jon Hogan, Rachel Mudge, Nina Stanbury, Ben Walsh (C)

Sub committees: Canteen (C), Finance (F), Grounds and Environment (GE), Uniform (U)

The canteen committee are moving forward with positive changes to the canteen menu. A newly formatted menu will be available soon along with electronic ordering and payment on Qkr.

The uniform committee have been busy reviewing the items available. New items include the spray jacket that is proving very popular, BHS beanies, V neck jumpers and boys shorts. The girls shorts are currently being reviewed.

Grounds and Environment committee have discussed possible future projects and are in the process of prioritising them. We will be holding a working bee in August for our fantastic Conservation Park. Details to be distributed in term 3.

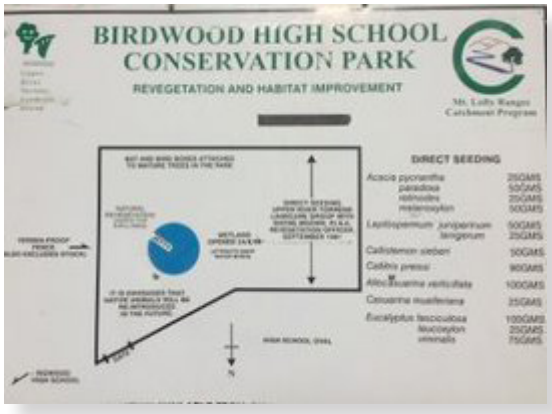
Science, Tech, Engineering, Maths

The year 9 STEM (Science Technology, Engineering and Maths) class have been working in Birdwood High's conservation park for the majority of term 2. Projects in the park have been varied including drone use for aerial photography, monitoring of native animal populations, identifying issues with/and repairing feral proof fences, monitoring feral animals, researching sustainable buildings for an 'eco-classroom', research of endangered mammals that may be introduced to the park and planting indigenous species. The unit culminated in a camp out on Monday 3 June.

Students packed their swags and headed for the park around 5pm where we met with local bat specialist Terry Reardon, who spoke at length about the 10 species of local microbats and their importance to the environment and agricultural industry. Terry shared an idea for a 'bat condominium' which is designed to provide a significant habitat for these animals who are threatened due to habitat loss.

The campers and Terry were treated to a BBQ dinner cooked over the campfire followed by marshmallows. Activities on the evening included spotlighting in the park and games around the campfire. Unfortunately, the rain set in around 9pm causing a move to the Exhibition Centre. The next day when the rain stopped, students continued their work in the park and enjoyed hot chips for lunch, saving some for the Potoroos.



The students in this class have thoroughly enjoyed learning about conservation and discovered many native mammals they were previously unaware existed. An idea into the future is to build awareness of the importance of conservation through increasing the use of the conservation park by other schools. Many thanks to Lynton Vonow (Park Manager) and David Graham (Science Coordinator) for their assistance and for braving the elements!

Chris Cameron
STEM teacher
Extracting DNA Food and Fibre

On Wednesday 5th of June we visited the Waite campus and learnt about grains, agriculture and what can be studied at the Waite campus and how their programmes are run.

We listened to professionals that had taken their love for agriculture and used it in their professions, as well as past students and the scientists at the Waite campus.

We were able to watch how to extract DNA from strawberries, this was done by smashing them up in a bowl, straining them and then putting various solutions with the strawberries to make the DNA float out of the strawberry.

We had a session with Viterra to learn how they manage the grains that they purchase and how they grade the grain and what happens to grain that does not meet the criteria for our food sources.

The plant doctors showed how certain microorganisms can effects the root of the plant and what soil is better for growing what crops.

We also learnt about how they breed plants to get the best plants for different conditions and to get the best yields for the climates that they are grown in.

Tayler Nelson, Year 10

Creative Arts Senior School to CDW and MOD

Mr. Djukic's Stage 2, and Mr. Phillips' Stage 1 Creative Arts classes attended the Adelaide CBD to visit some key educational facilities that would inspire the students. The first site was at CDW Studios in the Myer Centre. CDW is a creative art studio that educates students in film and video game concept art, and has connections with Flinders University for a tertiary pathway. There, our guide Nathan Elmer worked us through the process of creating art in the creative arts industry and what CDW offers high school and tertiary students.

Students were challenged with a 5 minute, 3 minute, 30 second, and 10 second quick sketch as a creative warmup. From there, students had a nutritious lunch at the Myer Centre food court before heading to MOD Museum on North Terrace for their exhibition 'Waging Peace'. There, students engaged with a variety of interactive exhibits that melded technology and art for a purpose. With so little time in the day students made their way back to Birdwood with some creative inspiration in tow.

Pictured:
Students attending a lecture at CDW Studios.

Student Senna Blake interacting with an exhibit when technology meets art at MOD Museum.

CDW Workshop

In mid-Term 2, students across all year levels had the opportunity to attend an on-site workshop led by instructor Nathan Elmer from CDW in Character Design. Students worked hard to follow Nathan's process and instruction, which involved using 'FACTS' and Photoshop to create an original character. Students worked through the day to create some fantastic art and demonstrate perseverance with new technologies and approaches to art.

Digi Drawing Thursdays

Since the workshop run by CDW, students have been keenly interested in completing their art and accessing the school's Wacom graphics tablets to do so. A keen group of students are spending Thursday lunches in the Digital Technologies Computer Room to access the technology and software and create some amazing pieces of digital art.

Students hard at work creating their original character designs under tutor Nathan Elmer from CDW Studios.

Students Kiana and Son from Year 10 creating masterpieces in their Thursday lunches.

Food Technology

Year 9 Food Technology students attended the Adelaide Central Markets on Friday 31 May. The purpose of the excursion was to investigate and analyse the principles of food safety, perception of food solutions, and the preservation, preparation and presentation in selling food for healthy eating. Rachel Brennan said “the students tasted a range of foods from a variety of cultures.

They also began to investigate the garden harvest and the principles of seasonal produce.” Students mentioned in their post excursion surveys, that they enjoyed learning about the packaging of food, tasting different foods, learning the process of making bread, and minimising food waste. Overall, the excursion was a fantastic experience and all the students had lots of fun.

Year 8 Japanese

Students studying Japanese this term have been learning about the complexities of the Japanese writing system. While hosting Echizen students on their cultural exchange, we practised jikoshoukai, or self-introductions. Over the course of term 2, we have learned about family vocabulary and the ways the words reflect the cultural values of harmony and humility. It was a lot to pack into one semester, but our students showed a lot of perseverance. Well done, Y8 Japanese!

CCC Program

Cows Create Careers is a Dairy Australia program designed to promote dairy industry careers and industry education to students in years 7 – 11.

Our students were introduced to the education opportunities for both vocational and university pathways.

• Involving dairy farmers and industry advocates who have vision and dairy industry knowledge to encourage and support students with the project.

• Supporting students in making their career decisions by providing and creating linkages to the education and employment sectors

YLead

On the 6th June, year 8 and 9 students were privileged attend the YLead Altitude Day program at the Adelaide Convention Centre. Altitude Day is a one-day event which is created to empower Y8 and 9's during the middle years of their school journey.

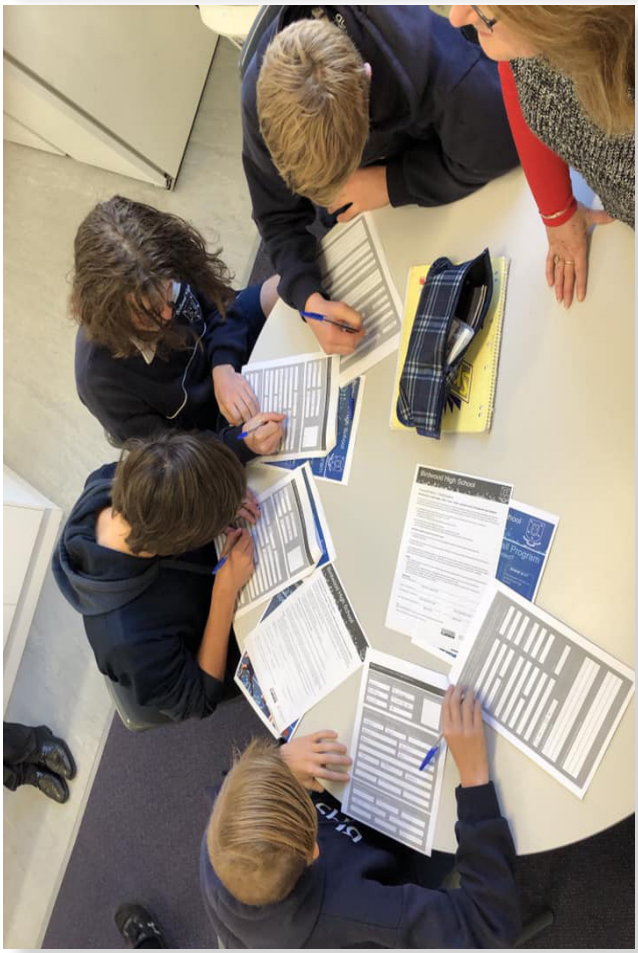
The morning comprised of short presentations involving moving out of your comfort zone and embracing opportunities as challenges. Students engaged in energising group activities with students from a variety of schools within Adelaide.

"It was a fun experience, I started to feel more comfortable and confident as the day progressed." "One of the key messages I will take away is not to be afraid of challenges and not to say NO to them. Instead, I will look for a way to make the challenge work" Alysha Seager – Year 9 student leader.

Students gained advice from three inspiring guest speakers of how to make good choices, build confidence to make a difference.

The year 8 and 9 leaders will be leading both year level students to pass on their experience to their peers to support them to be leaders themselves and be responsible with their decisions

Students enthusiastically completing their Football Academy Applications



Student Achievements
Inter-Schools Gymkhana - Congratulations

Earlier this year, Holly Smith, Claudia Kennedy and Gemma Gutte were all placed in the Inter-Schools Gymkhana held at Trinity College. Thank you to our family volunteers in supporting the students take part in the event. Through hard work, skill and determination Birdwood High School students Adam Cozzitorto and Cooper Moon have been successful in

Holly Smith - Naracoorte Horse Trials

Holly Smith, year 9 competed in the Naracoorte Horse Trials May 18th & 19th 2019. Holly placed 1st in the Mitivite Hygain EvaA80 and 1st in the SA Inter-Schools class, with her horse Fin. They hope to be selected to represent the state team in the upcoming National Championships that are set to be held at the Sydney International Equestrian Centre (SIEC) in late September early October. She has entered two other similar events in which she competes in 3 disciplines: dressage, show jumping and cross-country. Congratulations Holly.

Adam Cozzitorto - State Rugby Union team

Congratulations on being selected to represent the South Australian u16 State Rugby Union team. The team will commence their tour in Canberra during July and will play against Tasmania, Northern Territory and other eastern states teams. Adam Cozzitorto has been competing in-state teams since he was 11 years old and the competition has been getting tougher. Adam's local club, The Barossa Rams cub has supported his development over the past 10 years and is very inclusive and family oriented. Good luck Adam and Cooper !

Son Ngo - Youth Poster Awards Exhibition

Congratulations to Son Ngo, whose poster for Refugee Week was selected to be included in the 2019 SA Refugee Week Youth Poster Awards Exhibition. From 300 entries, 74 works from 49 schools were selected for this exhibition, held in the Kerry Packer Civic Gallery at the University of South Australia from June 3rd until 28th June. The exhibition was launched on 17th June. Son's poster was based on a photo he took of himself with a group of his friends, including some of our Japanese exchange students

Rohan Casey - Hockey Team Competition

Rohan Casey will be off to Newcastle early August with the under 16 years School Hockey Team where they will compete against teams from WA, NSW, Qld, Vic and Tas. From this competition the Australian Representative Side will be selected who will travel overseas to compete in April 2020. One of the students from this year's team has been invited to train with the Australian Team the Kookaburras. This will be the 4th time Rohan has represented South Australia as the team's goal keeper. Rohan plays locally for AM United in the Barossa Valley Hockey Association and some weeks will play 4 games in, numerous divisions whilst maintaining his commitment to studies. Safe to say he loves his hockey. We wish Rohan all the very best.

Senior School Formal

Senior School Formal is one of the most anticipated days in the year 12 calendar. This year's formal took the theme of 'Starry Night' and was held on May 10 at The Hilton, on Victoria Square. The night was encompassed by an atmosphere of excitement and entertainment, as all immersed themselves in the various festivities of the evening.

All students and guests looked fantastic and were all deserving of best dressed on the night. Some of the highlights included; Mr Drakes comical stints on the microphone as MC, cramming a few too many friends in the photo-booth for hilarious snaps. Everyone had a chance to bust out their best dance moves and it was thoroughly enjoyed by all present. Special thanks to the formal committee for their efforts in organising this memorable event, ensuring the night was the huge success that it was.

- Harrison Bitter

Girls Football

Thursday 23 May, Birdwood High School's Open Knock Out football team drove out to Kapunda to compete against Kapunda High School and Balaclava High School. Our girls finished with a hard earnt win against Balaclava, but unfortunately just lost to Kapunda, allowing Balaklava to go through to the next round with percentage points. Well done to all involved for your dedication and commitment.

Open Girls Knock Out Netball

The Open Knock Out girl's netball was a great day for Birdwood High. 10 highly skilled netballers set off on the morning of Thursday 6 June to play against Mount Barker High, Oakbank and St Francis De-sales Schools. The team were enthusiastic and showed impressive skills and sportsmanship throughout the day.

The first game saw Birdwood outshine Oakbank. Maintaining composure with some challenging circumstance.

The second game against Mt Barker was also a winner. With accurate shooting, coordinated mid-court and strong defence the team broke away quickly leaving Mt Barker in their wake.

The final game against St Francis De-sales was a tussle from the outset with the lead swinging between the teams up until half time. Unfortunately, a 6 goal lead in the third quarter by St Francis became difficult to chase down

Well done girls, it was a pleasure to spend the day with such sportsmanlike and responsible young women. Many thanks to Dana Jude for her skilled umpiring. - Chris Cameron

Back Row L to R Tiarna Groverman, Charlee Green, Jasmine Vonow, Riannah Spriggs

Front Row L to R Umpire Dana Jude, Millie Smith, Alannah Hawke, Jelena Mik, Shari Hampel, Georgia Gibson, Alisha Langley,

Year 8/9 knock-out Netball for the win!!!

Year 8/9 knock-out Netball team headed out for the first round this Term. The day saw the team put up a strong effort securing them two wins and entry into the finals. The team responded well to coaching by pre-service teacher Kayla Jericho by adjusting their approach for the second game. Our attack was with strong leads and control of the pace of the game. Their strong team work and response to clear coaching resisted in a second successful. The team will head into the finals. We wish them well.

Girls Soccer Team

Birdwood High students have been heavily involved in numerous Knockout Sport competitions during Term 2. We have had teams compete in Girls 8/9 Netball and Open Girls Netball, 8/9 Boys Football, Open Boys Football and Open Girls Football, Open Boys Soccer, Open Girls Soccer, Open Boys Indoor Soccer, Open Girls Indoor Soccer and Open Boys Basketball.

Well done to all students who have proudly represented their school and special thanks to the staff who have given up their time to coach and manage these teams. Although our success has been limited it has been pleasing to see so many students taking part. Congratulations to our Year 8/9 Netballers who have made it through to the semi-finals of their competition. Their semi-final matches will be played later this term. A special mention also to the Open Girls netballers who narrowly went down in their first round of matches. Our Open Girls Futsal team also just missed out on finals of the Indoor Soccer competition finishing 3rd in their pool.

As well as the Netball semi-finals which are coming up, our year 10 Girls Netball team have started training for their upcoming matches to be played early next term. Next term we are also looking forward to taking part in more junior Basketball as well as Rugby Union 7's which we have not played in before.

SA Sheep Expo

During the recent school holidays Claudia Kennedy, Cody Pearce, Tayler Nelson and Emi Hughes attended the SA sheep expo. At the expo we were put into age groups and attended a series of lessons and lectures covering all the topics about sheep such as; butchering, wool, biosecurity, junior judging and many more. Sheep expo supplied our animals. Claudia was placed with a black Suffolk's, Tayler with a merino, Emi with a merino and I had a border Leicester.

On the second day we learnt all about junior judging and how to handle a sheep ready for our big day the next day. On the last day all the groups came together for handlers' class in handlers a judge is watching to see how well you handle your animal, Emi placed second and Claudia came first. It was a great experience and many laughs and memories where shared.
- Cody Pearce

UNIFORM ASSISTANCE THROUGH ANGLICARESA

How to access the service

Appointments are available on Mondays, Tuesdays, Thursdays and Fridays. The family needs to call the Elizabeth Mission Assistance Line 1800 061 551 between 9am and 9.30am on the day to get an appointment (keep calling if they don't get through the first time)

State that they need a school uniform appointment. Attend the appointment at The Elizabeth Mission, 91-93 Elizabeth Way. A uniform list with payment details included will be required (please note that there are $ limits per child). Families can only access once this per calendar year

Eligibility

Families in financial hardship (don't need to have a health care card)
Assistance can be for Primary or High School – Public or Private School

If you would like any further information, please contact Christina Henriksson on 85685100

W & L Mobile HEALTHCARE Services

The Child Dental benefits Schedule (CDBS) commenced on 1 January 2014 and provides access to benefits for basic dental services for children aged between two and seventeen years of age. The total benefit entitlement is capped at $1.000 per child over a two calendar year period.

To be eligible for free dental treatment you or your child needs to either be:

- Family Tax benefit Part A
- Parenting Payment
- Double Orphan Pension
- Carer Payment
- Disability Support Pension
- Special Benefit
- Youth Allowance
- Abstudy

Application forms will be coming home with Students shortly.

Fees are now due

Reminder to finalise your school fees by 5 July 2018. Outstanding fees after this date will be forwarded to Debt Collection. If you haven't yet applied for school card and think you may be eligible please apply as soon as possible. School card must be applied for each year at each school you have children attending.

Paper forms are available from the school or online applications (Form A only) can be found at www.sa.gov.au under the heading Education, Skills and Learning.
Fees can be paid in full at the school using EFTPOS, cash or cheque, or via credit card with BPoint at www.birdwoodhs.sa.edu.au from the home page select the link to online payments.
Student ED ID and a credit card is required for this option. We can also process payments over the phone via EFTPOS.

We are introducing a new payment option called Qkr. The Qkr app can be downloaded onto your phone and can be used for a variety of school payments. More information on this option can be found on our website and will be sent home with students soon.

Canteen

We have now launched our new Canteen Menu, a copy can be found on our website. The new menu promotes healthy food choices at reasonable prices. Students have already been sent the menu via our DayMap system. The new Qkr app mentioned above can also be used to order and pay for your child's lunches, reducing the need to bring cash to school.
More Information will follow.

Unexplained Absences

Just a reminder to Parents/Caregivers to please call the school whenever students are absent from school. This will ensure that attendance data for your child is correct. Unexplained absences show up on Daymap in red. If you notice this via Daymap please call us with the reason for the absence, and we will update our records.

BIRDWOOD HIGH SCHOOL CANTEEN MENU 2019
