

Birdwood High School

28 June 2017

Message from Governing Council

The Governing Council would also like to congratulate Heather Makris on her appointment as Principal of Birdwood High School.

Council participated on the selection panels, of which there were three separate rounds before a successful candidate could be found. This unusually long process was a testament to the challenge of finding the right candidate, capable of embracing and enhancing the unique approach to middle-school teaching at Birdwood established under the innovative leadership of outgoing Principal Mr Steve Hicks.

It is also pleasing that with Principal Makris' appointment, the recent period of mild uncertainty in relation to this important community position has now passed. Council welcomes this, as it will allow us all to focus on making Birdwood the high school of choice in our region.

David Baker
Chair
Birdwood High School Governing Council
